# Quality

ARL accepts responsibility for complete satisfaction of its clients and compliance with various regulatory bodies.

We exercise this responsibility through adequate training of our employees and adherence to proven procedures.

- cGMP / cGLP / USP compliant
- FDA registered and audited
- ISO 17025:2005  
Laboratory Accreditation
- DEA registered
- Formal QA/QC program
- Internal / External audits

# Potency

Potency provides documentation that the correct drugs, quantities and techniques were used to compound the preparation.

- Fast Turnaround Time (3 days)
- Accurate qualitative and quantitative information
- Over 1000 drug methods
- All dosage forms tested
- State-of-the-Art HPLC Technology (USP and FDA method of choice)
- Methods and technologies unparalleled in the market today

# Sterility

ARL believes quality compounding plus quality science leads to good medicine. We have USP trained microbiologists that are equipped to test any product sent to ARL for analysis.

USP <71>

- Membrane Filtration
- Direct Inoculation
- Method Development and Validation

# Endotoxin

ARL sets high standards for endotoxin testing. We offer pharmacists the choice of the traditional gel-clot method or the kinetic-turbidimetric method for testing your product.

USP <85>

- Kinetic Turbidimetric
- Kinetic Chromogenic
- Quantitative results

# Forensics

ARL is committed to searching for the truth. With over 75 years of combined experience in forensics, ARL can help your pharmacy find the truth revealed through testing.

- Complaint sample testing
- Litigation support

*Quality Service through Experience and Excellence*

# Stability

Stability tests are used to determine a beyond-use date for a preparation. A stability-indicating method can determine both stability and potency. Three easy steps:

- Method Development
- Method Validation
- Stability Study

1-800-393-1595

# Consulting

ARL's qualified staff of scientists and pharmacists can assist you with your technical needs.

- <795> and <797> support and gap analysis
- On-sight visits
- Customized SOP Development
